CURRENT COMMENT.

THE latest census gives London a population of 6,177,913.

A HEAVY rain occurred recently near Karnes City, Tex., and after it was over the prairie was found to be covered with live fish of the perch variety.

THE average cash capital brought in by the immigrants who landed on our shores during the last fiscal year, as reported by the treasury department, was \$71.62.

THE Maine Bible society has, during the past year, found 955 towns in the state without religious worship, and half the families visited were found to be without religious influences.

THE Brooklyn Health Culture club will early in October, on a rainy day, come out in their new "common sense" costumes. The object of the club is to set an example of sensible dressing. The club is composed of society and professional women.

It appears that of the 50 establishments in the United States that have adopted the profit-sharing system, only 12 have continued it. Five have abandoned it indefinitely and 33 permanently. Such a plan works very well so long as there are profits to share.

LONDON has been aroused to the necessity of having a 30-foot channel open into the Thames at all stages of the tide in order to be able to compete with Southampton and Liverpool. Vessels drawing 27 feet can pass only 13 days in the year and those drawing 25 feet on 125 days.

THREE ten-inch steel breech-loading guns are about to be mounted at Old Point, at the mouth of the James river. They are 31 feet long, weigh 67,000 pounds each and have a range of many miles. The idea that Uncle Sam is doing nothing for coast defense is a misapprehension.

A SCHEME is on foot to erect a gigantic model of the globe, surrounded by staircases, twice the size of the proposed globe, for the Paris exhibition. The scale will be one-fifth-hundredths of nature, and the globe will take two years to build. London will be about the size of an English penny. A number of public men have written letters favoring the idea.

ACTING under an act of the legislature passed at Albany last winter, Warden Sage, of Sing Sing prison, will at once inaugurate the Bertillon system for the identification and measuring of the criminals now in Sing Sing prison. There are 15 measurements in all. If the Bertillon system becomes universal it will be no trouble to locate the whereabouts of any criminal.

THE total production of crude petroleum in the United States in 1895 was 52,983,526 barrels, valued at \$57,691,379, against 49,344,516 barrels in the previous year, valued at \$53,522,095. Since the beginning of operations in Titusville, Pa., in 1859, the enormous total of 709,713,403 barrels of crude petroleum have been produced in this country, of which 516,437,369 barrels represent the product of the Pennsylvania and New York oil fields.

As the amount of silver dollars in the treasury available for the redemption of treasury notes has become reduced to \$10,659,152 and will be further reduced by redemption during the current month, the coinage of silver dollars by the mints will be increased from \$1,500,000 to \$3,000,000 per month from the 1st of August in order that the treasury may have a sufficient stock to redeem notes presented in exchange for silver dollars. The amount of notes redeemed in silver dollars and cancelled from November 14, 1894, to July 14, 1896, was \$38,402,258.

SINCE July 1, 1895, the total number of pension claims of all kinds has decreased 56,546. This leaves the aggregate number now awaiting action 495,664. The actual number of claimants is, however, only 410,922. The difference in the figures is due to duplications. There are 176,585 cases of claimants to whom no pension whatever was issued. The number on the pension rolls is steadily decreasing, the total number of pensions everywhere being a little over 970,000, a slight decline. It is estimated that 30,000 pensioners have died during the fiscal year which has just closed.

THERE is a possibility that the project of the late "Brick" Pomeroy to tunnel the Rocky mountains may be revived. Friends of the widow and some of the largest stockholders have been casting about for some way to get back the money—\$1,000,000—sunk in the tunnel. Experts are now in Colorado examining the property, and when their report is made the stockholders will decide whether to go on with the job. "Brick" Pomeroy thought that by a tunnel, which could afterwards be used by railroads, unlimited supplies of gold, silver and other metals would be laid bare.

IF William J. Bryan should get into the white house he will be the youngest man who has ever occupied it. Grant was 47 years of age at the time of his inauguration. Bryan will be but 37 years next March. Bryan's youth shows up when it is told that the average age of the 24 men who have been presidents of the country is nearly 56 years. The facts show that of the 24 only four were under the 50 mark. Those were Grant, Cleveland, who was 48 when he started on his first term in 1869, and Pierce and Garfield, who were 49 when they began their careers as presidents.

NEWS OF THE WEEK.

Gleaned By Telegraph and Mail.

PERSONAL AND POLITICAL.

WILLIAM J. BRYAN, the democratic nominee for president of the United States, made a speech on the 14th on the money question, comparing the planks in the platforms of both the democratic and republican parties.

It was reported on the 4th at New York that Cornelius Vanderbilt, Sr., had been stricken with paralysis. DIAZ has been re-elected president of Mexico.

A RECENT Washington dispatch stated that the relations between the United States and Russia were somewhat strained, the Russian government insisting upon its right to punish any Russian who falls into its power after becoming a citizen of the United States.

A SEATTLE, Wash., dispatch of the 15th stated that Gen. Duffield, chief of the coast geodetic survey, had arrived at that city on his way to Alaska to gather information bearing upon the boundary dispute with England.

ASSISTANT SECRETARY HAMLIN, of the treasury, has issued a brief statement on the political crisis. He thinks there should be no republican, no democrat, but a union of the loyal citizens of the republic against the forces that controlled the Chicago convention. As he had just before had a conference with President Cleveland at Gray Gables, it was believed his statement reflected the views of the president on the present political crisis.

MORE than 100 replies had been received up to the 16th by the committee at Chicago which issued the call for a sound money democratic convention. The replies came from Maine, Michigan, Missouri, Illinois, Iowa, Wisconsin and Indiana. The plan favored was the appointment of a national committee which could meet in conference and issue a call for a convention.

EX-GOV. W. E. RUSSELL, of Massachusetts, was found dead at the camp of H. F. Dutton at St. Adelaide, Pabos, Que., on the 16th. The cause was thought to have been heart disease. He was 39 years old.

WILLIAM S. HOLMAN, the watch dog of the United States treasury, was nominated on the fifth ballot on the 17th by the democrats of the Fourth Indiana district for congress. He is now 77 years old.

ACCORDING to private advices from Havana Gen. Jose Maceo, the Cuban insurgent leader, was killed in an engagement in the Gato hills.

J. J. O'CONNOR, of Savannah, Ga., was re-elected president of the Ancient Order of Hibernians and Thomas J. Dundan, of Columbus, O., treasurer.

WILLIAM C. WHITNEY, of New York, has formally bolted the ticket nominated at Chicago. He said nothing could induce him to vote for Bryan or to assist in any way in his election. Beyond that he was silent.

THE correspondence which has passed between the United States and Great Britain respecting the establishment of a general system of arbitration for settling disputes between the two nations has been made public. The correspondence denotes an advance in the direction aimed at, but a satisfactory arbitration treaty between the two countries seems still very distant.

MISCELLANEOUS.

H. J. WHIGHAM, of Chicago, won the amateur golf championship of America at Southampton, L. I., defeating Champion McDonald, of Chicago.

SCHRAEDER, the so-called divine healer, was creating a great sensation at Guthrie, Ok., and the street in front of his stopping place was blocked by crowds of people gathered to be healed or blessed. Many remarkable cures were said to have occurred.

LIGHTNING struck a gas well near the farm of Michael Witney at Muncie, Ind., and ignited it. All efforts to put the blaze out have been futile and it was said to be impossible to go closer than 50 feet to the roaring monster.

A TRAIN on the Chicago & Alton road split in two and afterwards came together, killing Brakeman Cowan and wrecking one car.

W. L. LIEKE, a miner employed in the Claude shaft at Cripple Creek, Col., while being hoisted to the surface, let go the rope and dropped 125 feet to the bottom.

THE Baptist Young People's union convention at Milwaukee elected John H. Chapman, of Chicago, as president; Rev. H. W. Smith, of Waukegan, Ill., recording secretary, and Frank Moody, of Milwaukee, treasurer. Denver, Col., was chosen as the next meeting place in 1898.

FRANK JUNE, his wife and child left Grand Haven, Mich., recently in a small sloop. The boat was found afterward upturned on the beach at Lake Harbor and it was supposed all three were drowned.

THE Quincy (Ill.) Baseball association, a member of the Western association, has quit playing and the players have been paid off.

BUFFALO BILL'S band wagon was driven under the Fort Wayne railroad bridge at Massillon, O., on the 16th and all the occupants scraped off. Four musicians were frightfully injured and two will probably die. The wagon was drawn by eight horses, which got beyond control of the driver.

A FAMILY of nine children were poisoned at Santiago, Minn., by drinking lemonade which contained some poisonous ingredients. The children died one after the other and the parents were said to be very sick.

EN CORRIAN, the well known turfman, had a narrow escape on the 16th at Cincinnati from death at the hands of a discharged employe, a negro, John Phillips, who attacked him with a knife. Corrihan was armed only with an umbrella, and protected himself as best he could. He received a cut near the left elbow, however. Phillips escaped.

LIEBER'S brewery, in Indianapolis, Ind., was damaged by fire to the extent of \$135,000, and the watchman was burned badly.

CHARLES MARSHALL, the postmaster at Emory Gap, Tenn., was shot from ambush while going home and fatally wounded. William Lefew is under arrest on suspicion. Lefew's brother was shot and killed last Christmas in Marshall's store. Marshgrave was charged with the crime.

JOHN GONSALES and John Gasparri, Italian sailors, quarreled in a cabin of the fishing smack Lenora at Charleston, S. C., on the 17th and Gasparri plunged a knife into the stomach of Gonsales, disemboweling him. Gasparri afterwards ran into the cabin and committed suicide by drawing the same knife with which he had killed his victim across his throat, severing it from ear to ear.

THE strikers at the Drown company's works at Cleveland, O., on the 17th were charged by the militia because they threw stones at them and at least a dozen men were bayoneted and seriously hurt.

THE Hallett & Davis Co., dealers in pianos and organs at Chicago, have made an assignment. A statement was filed showing assets of \$283,000; liabilities, \$140,000.

TWO brothers, Charles and Leonard Birner, went swimming near Quincy, Ill., and both were drowned. It was thought they had the cramps.

BUSINESS failures for the week ended the 17th (Dun's report) were 269 in the United States, against 256 for the same time last year, and 35 in Canada, against 39 last year.

GEORGE FISHER, of Swanville, Ind., fell from a haystack and alighted on a pitchfork, the tines entering his chest and killing him.

A DESTRUCTIVE tornado swept through the Adirondacks recently. A funnel-shaped cloud struck the earth between Fort Edward and Argyle, in Washington county, N. Y., destroying farm dwellings and barns. Damage was also done at several other places, but no loss of life was reported.

A NUMBER of ore handlers at Cleveland, O., crowded upon the ferryboat and when it was about half way over the river it turned over and the occupants were thrown into the water and most of the unfortunate men sank like lead. The life-saving crew, whose station is near the scene of the accident, was summoned and they recovered ten bodies, which were taken to the morgue. It was thought that one or two more victims might be added to the list.

MARY SNODGRASS, a white woman, was hanged at Ceburn, Va., recently for cremating her negro girl baby. She was detected while in the act of pressing the baby's body on the flames with a large shovel.

TWO men walked into the store of Fickie & Borman at Eldred, Ill., recently and ordered the clerk and four men to hold up their hands. The robbers then tied the five men and robbed them of over \$400.

TOMMY WHITE, of Chicago, defeated Johnny Van Heest, of Kansas City, in six rounds at Albany, N. Y., on the 14th.

THE strikers at the Brown Hoist works at Cleveland, O., were irritated by the news that the company had got a lot of non-union men from Canada and Cincinnati and they appointed committees to patrol certain territory in the neighborhood of the works early on the morning of the 15th and hunt the men, and when a non-union man was spied he was pounded and beaten, the police being utterly powerless to cope with the strikers. The mayor ordered a company of militia to the scene of the rioting.

LENA SHULTE, an 18-year-old girl, committed suicide at Pittsburgh, Pa., through brooding over her brother's suicide of a week before.

ADDITIONAL DISPATCHES.

A SPECIAL to the Cincinnati Enquirer on the 19th indicated a reign of terror in the counties of Scioto, Meigs and Gallia. At Portsmouth the Second Presbyterian church was badly damaged by dynamite. Attempts were also made to blow up other buildings. A gang of 27 outlaws were said to be evading all efforts of the officers and posse to capture them. The large stock barns of Judge H. A. Kentz were also been burned by the incendiaries.

THE Spaniards under Gen. Suarez Inclan have sustained a crushing defeat in Cuba at the hands of the insurgents under Antonio Maceo. Not only was Inclan's column defeated with heavy loss, but it was reported in Havana that the Spanish general himself was captured and is now held a prisoner by Maceo.

DAN DICKS, colored, was recently lynched at Ellentown, S. C., for an attempted assault on a woman.

At Anneton, Ala., W. P. Rouse and Nora Tanner, a dissolute woman, fought a duel with pistol and knife. Both were killed, the woman being literally cut to pieces.

THE car barns of the Chicago City Railway Co. were burned on the night of the 18th. They occupied three-fourths of a square. The company lost 554 cars, 160 of them being grip cars. Fourteen horses were also burned to death. The loss was estimated at \$500,000; insurance, \$311,000. Three men were discovered dead in the ruins the next day. It was thought the crossing of electric wires caused the fire.

THE town of Malvern, Ark., was almost wiped out by fire early on the 18th. The total loss was variously estimated at from \$200,000 to \$400,000, only a small portion of which was covered by insurance. The fire was incendiary.

JOHN DUCTO & SONS' brick building and a dozen smaller frame structures were burned at Ashtabula, O., on the 19th. Loss, \$50,000; insurance only partial.

JOHN GOODIE, a Creek Indian convicted at Okmulgee, I. T., for theft, has been sentenced to be shot, this being his third offense.

EX-SPEAKER THOMAS B. REED has announced that he will again be a candidate for the republican congressional nomination of the First district of Maine and will shortly go into the campaign on behalf of McKinley and sound money.

RUSSELL DEAD.

THE ex-Governor of Massachusetts Found Lifeless in Bed.

Boston, July 17.—Ex-Gov. W. E. Russell, of Massachusetts, was found dead at the camp of H. F. Dutton at St. Adelaide, Pabos, Que., yesterday. He was as well as ever when he retired last night, but was found in bed dead this morning. The cause is thought to have been heart disease. Col. H. E. Russell and Col. Francis Peabody, Jr., left for Massachusetts with the body.

Sketch of His Career.
William E. Russell was born in Cambridge, Mass., September 6, 1857. He entered Harvard college in 1875 and is described during that period as a hearty, manly, out-of-door student, who loved to lead the cheering at the boat races and ball games. After his graduation from Harvard in 1877, young Russell took a three years' course at the Boston university law school. In 1881 he was elected a member of the Cambridge council and two years later he was elected mayor.

Mr. Russell had become by this time the leader of the younger element of his party in Massachusetts and when it gained the ascendancy, which it did shortly, he was made the governor of the state. This was in 1883 when the tariff was the leading issue all over the country and his campaign was devoted to the discussion of this question. His advocacy of reform upon these lines gained him national notice which compensated, in a measure, for his defeat by Gov. Ames. Despite his defeat, however, he had polled 1,000 more votes than Mr. Cleveland, who was running simultaneously for the presidency.

In 1890 Mr. Russell ran against Gov. Brackett and was defeated again, although his opponent's plurality was less than 2,000 to 6,775. Russell's hour of triumph came the succeeding year, when he was elected upon his third nomination, being the 33d governor of the state, the youngest man that ever sat in the governor's chair in Massachusetts, and the third democratic incumbent since the war. In 1891 he was re-elected, although every other candidate upon the ticket was beaten.

During the last five years of his life ex-Gov. Russell held no public office, but the ex-governor was long considered a presidential possibility, and he was endorsed for the nomination by the Massachusetts democracy. If the sound money wing of the democracy had controlled at the Chicago convention last week his chances would probably have been inferior to those of his own aspirant.

THE WORKERS NAMED.

Men Who Will Have Charge of New York and Chicago Republican Headquarters.

CANTON, O., July 17.—Joseph H. Manley, Powell Clayton, H. C. Hayne, Charles G. Dawes, M. P. Scott, Cyrus Leland, members, and Gen. Osborne, of Massachusetts, secretary of the republican executive committee, reached here last night from Cleveland on matters pertaining to the campaign. While none of the details of the conference are given out it is understood that Messrs. Quay, of Pennsylvania; Manley, of Maine; Scott, of West Virginia; Clayton, of Arkansas, and Gen. Osborne, of Boston, will have charge of the headquarters in New York, while Messrs. Dawes, of Illinois; Payne, of Wisconsin; Durbin, of Indiana, and Leland, of Kansas, will do their work for the campaign from the Chicago headquarters. The campaign is to begin just as soon as buildings can be secured and prepared for the opening of headquarters. Speakers will at once be put in the field and set to work on the aggressive campaign such as has been mapped out by the committee. At the conclusion of the conference Mr. Manley said that while the opposition had chosen their vice presidential candidate from Maine and Mr. Sewall claimed the state, he had not the slightest idea that Maine would change her record of always voting the republican ticket.

It is reported that the committee will make every possible effort to induce Mr. McKinley to make a trip through the west, or at least deliver some speeches in that section. Some western committeemen are strongly in favor of having the campaign open in Omaha or Lincoln, Neb.

A BOAT CAPSIZES.

Too Many Crowd onto It and Twenty Were Thrown into the Water.

CLEVELAND, O., July 17.—Fifteen lives were lost in an accident which occurred about 7:30 o'clock yesterday evening on the old river bed near the ore docks of the Cleveland & Pittsburgh Railroad Co. The ore handlers had just quit work for the day and were waiting their turns to cross the branch of the river on the flat-bottomed ferryboat, which they had provided for this purpose. A number of the men had crossed. When the ferry reached the dock the last time, at least 30 men crowded upon it. The boat, which is about 30 feet long and not more than four feet wide, would carry safely not more than a dozen persons.

The boat was pushed from the shore and was being propelled across the stream. When it was about half way over it began to sink. Then, as the men rushed to the side, it turned over. All the occupants were thrown into the water. The first report of the accident placed the number of dead at 12, but that proved to have been an exaggeration.

SON AGAINST FATHER.

Harold K. Sewall Replies to a Question Concerning His Position with McGard to His Father.

BATH, Me., July 17.—Harold K. Sewall, son of the democratic nominee for vice president, left the democratic party a year ago and has since been an enthusiastic republican worker. In reply to an inquiry from the New York Herald as to whether he would support or oppose his father, young Sewall says:

The republicans of Maine have never failed to carry Maine for their presidential ticket, and never will. My relationship to the democratic nominee for vice president has never affected my political action, nor will it now.

TORNADO IN NEW YORK.

The Adirondacks Visited by a Funnel-Shaped Cloud—Much Damage.

SARATOGA, N. Y., July 17.—A destructive storm swept through the Adirondacks yesterday afternoon. A funnel-shaped cloud struck the earth between Fort Edward and Argyle, Washington county, destroying farm dwellings and barns. Near Durketown and in Moreau 11 buildings were wrecked. Between Argyle and North Argyle, property valued at \$10,000 was destroyed. There were many miraculous escapes, but no loss of life is reported.

REIGN OF TERROR.

A Gang of Outlaws Carrying Things with a High Hand in Ohio.

CINCINNATI, July 20.—A special to the Enquirer indicates a reign of terror in the counties of Scioto, Meigs and Gallia, bordering on the Ohio river. At Portsmouth the Second Presbyterian church was badly damaged by dynamite. Previously there were attempts to blow up with dynamite the powder house of the street railway company and the Offshore school building. A gang of 27 outlaws are said to be evading all efforts of the officers and posse to capture them in Meigs and Gallia counties. Several people have been robbed on the highways and many houses have been burglarized. Yesterday the large stock barns of Judge H. A. Kentz were burned by incendiaries. Vigilance committees are on duty around Pomeroy and Middleport.

A SILVER ULTIMATUM.

Democrats Must Support None but Free Coinage Men for Congress.

St. Louis, July 20.—The silver party leaders formulated a new demand, which meets the approval of the populists who have been consulted. It is that they shall insist upon the withdrawal of all the democratic congressional nominees who are "sound money" or gold standard men, or if they will not withdraw, that the silver men and populists unite in putting up in every congressional district a free silver candidate. This, it is urged, should be presented to the national democratic committee as an ultimatum. The populists it is understood, are to concentrate their work and attempt to elect a congress which will favor free silver, and to accomplish this it is necessary to have the co-operation of the democrats.

FIRE FIENDS.

The Town of Malvern, Ark., Virtually Destroyed by Incendiaries.

MALVERN, Ark., July 20.—The entire town was destroyed by fire early Saturday morning only three houses being left standing. The loss will aggregate \$400,000. The fire was of incendiary origin and four men are now under arrest. Malvern was a place of about 6,000 inhabitants, the business portion of the place being clustered around the railroad station. The burned buildings include the railroad depot, two hotels, the bank and all of the principal business houses. The blaze broke out in three different places, and as there was no apparatus, the fire burned itself out.

REED AND MCKINLEY.

The ex-Speaker Will Take the Stamp for the Man Who Defeated Him at St. Louis.

PORTLAND, Me., July 20.—Thomas B. Reed has announced that he will again be a candidate for the republican congressional nomination of the First district of Maine. This sets all doubt on the point at rest, and means that he will probably be, unanimously nominated at the convention to be held next month. In such case his admirers expect that he will sweep the district by such a majority as has never before been polled there. Mr. Reed will shortly go into the campaign on behalf of McKinley, Hobart and sound money.

Big Fire in Chicago.

CHICAGO, July 20.—The car barns of the Chicago City Railway Co. on Cottage Grove avenue, near Thirty-Ninth street, were burned Saturday night. The barns were 150 feet long, 400 feet deep, and occupied three-fourths of a square. They were filled with cars, being the stable for the entire system. The company lost 554 cars, 160 of them being grip cars. Not a thing in the building was saved. The loss is estimated at \$500,000. The building and contents were insured for \$311,000.

Conflict of Authority.

LOUISVILLE, Ky., July 20.—Ever since Mayor Todd was chosen to fill the unexpired term of the late Mayor Tyler there has been a conflict of authority between that official, who is a republican, and the democratic board of public safety in the management of the city's affairs. At a meeting of the city council last night, charges having for their object the impeachment of the board of safety were presented and the aldermen decided to push the fight against the board.

An Eloping Couple Arrested.

LOGANSPORT, Ind., July 20.—Rev. G. E. Scott and Dora Dorian were arrested here, the result of a circular letter offering \$50 reward for their apprehension. They eloped from Waterloo, Ia., July 7, and, coming directly here, registered at a leading hotel as man and wife. Scott is 45 years old and has a wife. The girl is 15 and the daughter of a prominent Waterloo citizen.

McKinley and Bryan at Topeka.
TOPEKA, Kan., July 20.—William J. Bryan will address the people of Kansas at the Topeka fall festival, September 30. The day following Maj. McKinley will be here and speak to the old soldiers' state reunion. Positive promises have been secured from both presidential candidates, and the people are preparing for a great time.

Awful Loss of Life.

SAN FRANCISCO, July 20.—News received from Japan up to July 3 states that the loss of life from the recent tidal wave was between 25,000 and 30,000. The government has received reports from all the devastated districts, and it is thought all the victims of the disaster have been found or accounted for.

Gov. Stone to Speak in Alabama.
BIRMINGHAM, Ala., July 24.—William J. Stone, of Missouri, has accepted an invitation from the state democratic campaign committee to make a series of speeches in Alabama during the week prior to the state election, which occurs August 3.

Greece Preparing for War.
ATHENS, July 20.—The Greek government has decided to send reinforcements of troops to the Graeco-Turkish frontier, owing to the strained relations between Greece and Turkey immediately growing out of the Cretan insurrection.
